

## **SECURITY POLICY**

### **Objectives**

Vortex Offshore is committed to ensuring that effective security measures are implemented onboard company owned and managed ships in compliance with SOLAS and ISPS Code – Measures of Enhance Maritime Security.

### **Policy**

The Company has appointed a land-based Company Security Officer who has the responsibility and authority to develop, implement and maintain effective security practices.

Trained Ship Security Officers are provided onboard every ship in the fleet to ensure that Ship Security Assessments are reviewed and each certified Ship Security Plan is regularly practiced and assessed to ensure continuing suitability.

The Master has the overriding authority and responsibility to make decisions regarding the security of the ship and to request the assistance of the Company or of any government as may be necessary.
